TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, Java, C/C++, SQL

Frontend: React.js, Next.js, Tailwind CSS, HTML5, CSS3, Responsive Design

Backend: Node.js, Express.js, REST APIs, PostgreSQL, MongoDB

Tools & Design: Git, GitHub, Canva, Figma, Video Editing, VS Code, Postman, Claude, Claude Code

EXPERIENCE

Full Stack Developer Intern

Jan 2026 – May 2026

Tech Ahir Pvt Ltd

Gandhinagar, India

- Built and shipped production-grade full-stack features using React.js, Node.js, and PostgreSQL as part of a collaborative intern development team.
- Designed and implemented RESTful API endpoints with Express.js, integrating with a relational PostgreSQL database with normalized schema design.
- Collaborated in an Agile environment with daily standups, code reviews, and Git-based version control workflows across a 5-member team.

Software Development Intern

May 2025 – Jun 2025

TatvaSoft

Ahmedabad, India

- Completed a 15-day intensive internship building a full-stack Employee Management System using Angular.js (frontend) and .NET (backend) with role-based access control.
- Implemented CRUD operations for employee data management and integrated authentication workflows, improving hands-on proficiency in enterprise development practices.

Graphic Designer & Video Editor

2024 – 2025

Xenesis, LDRP-ITR

Gandhinagar, India

- Designed promotional posters, event thumbnails, and visual assets for two consecutive years of Xenesis (college tech fest), reaching an audience of 1000+ students.
- Edited and produced event videos and reels, combining design and technical skills to deliver high-impact visual content within tight deadlines.

PROJECTS

Pocket | *React.js, Node.js, Express.js, MongoDB, Tailwind CSS*

- Developed a full-stack personal finance management app enabling users to track income, expenses, and savings goals with a real-time dashboard and category-based analytics.
- Built secure REST APIs with Express.js and Node.js, implementing JWT authentication and persistent data storage with MongoDB for a seamless multi-user experience.

WorkZen | *React.js, Tailwind CSS, Node.js, Canva (Design System)*

- Built the frontend of an HR Management System automating employee records, attendance tracking, leave management, payroll, and performance reviews in a single dashboard.
- Designed the UI component system and visual brand identity using Canva, achieving a consistent design language across 10+ application screens.

CAPS | *React.js, Tailwind CSS, Node.js*

- Developed a responsive Project Management System for university students, enabling faculty-student collaboration, project tracking, milestone management, and task assignments within a single platform.

EDUCATION

LDRP Institute of Technology and Research

Gandhinagar, India

Bachelor of Engineering in Information Technology | Result Awaited

2022 – 2026

ACHIEVEMENTS & ACTIVITIES

Finalist – Odoo Hackathon 2025

Participant – Smart India Hackathon (SIH) 2024 | Full Stack Developer role

Participant – AutonomousHacks Hackathon 2026 (GDG Gandhinagar)

Workshop – Research Oriented Workshop, MMPRC-KSV | The Art of Pixels, LDRP-ITR
